100% Natural Sea Water based nasal sprays

A FOCUS ON COLD & SINUSITIS

A cold is caused by a virus that affects the nose, throat and upper airways. There are more than 200 different viruses that can cause a cold. The flu (influenza) is caused by more severe viruses. Adults, on average catch three to four colds each year.

Decongestant Sterimar™ outperforms the category

Nielsen value % change vs YA total coverage MAT 10.08.19

The nose is your first line of defence.

The nose is a highly effective filter for your body. Filtering through over 15,000 litres of air a day, doing its best to filter out the dust, pollution and allergens looking to enter into your body through your nasal passages. If the nasal passage (the inside of your nose) dries out or is clogged, it cannot be as efficient when performing its crucial role in keeping you healthy.

That's where Sterimar comes in.

Ensuring that the nose is clean, clear and moisturised can help ensure the nose remains in top working condition to help defend against the airborne contaminants you breathe in. It helps to prevent the onset of cold & sinusitis symptoms.

CONGESTION

A blocked nose is primarily caused by inflamed nasal passages. The body's immune system - its natural defences - attempts to fight off the **cold and sinusitis symptoms** by targeting the inflamed areas. While antibodies attack the virus, blood vessels around the nasal passage begin to swell up, causing the body to make a thick nasal mucus, which causes the blocked & stuffy nose. Finding a way to reduce the inflammation in nasal passages is key to clearing a blocked nose.

STÉRIMAR™ IS SUITABLE FOR ALL YOUR CUSTOMERS

They need something that is safe to use

Stérimar™ can be used during pregnancy and breastfeeding, and has no known interactions with any other medication, so customers can feel confident that using Stérimar™ will not have a negative impact on their health. It doesn't cause drowsiness and has no known withdrawal symptoms or rebound effects.

They need something that is effective and works quickly

Products such as Stérimar™ Stop & Protect Cold & Sinusitis have been proven to provide both rapid and effective relief of Cold and Sinusitis symptoms alongside effective protection against further infection. Stérimar™ Congestion Relief also helps to decongest the nasal cavities, various clinical studies have been undertaken which have shown Stérimar™ to be effective in relieving nasal symptoms.

They are taking prescription medication

Customers who suffer from other conditions may be worried about taking an over-the-counter product for their cold symptoms. You can reassure them that Stérimar™ is drug and preservative free with no known risk of interaction with any other medication, so can be used on conjunction with other medicines.

STÉRIMAR™
the UK's no.1
GP recommended brand*

HOW TO USE STÉRIMAR™ ADULTS & KIDS

Stérimar™ has a unique nozzle that disperses the solution in very fine droplets further up the nose for increased efficacy. Stérimar™ is easy to use at any angle.

1. Prime the spray by briefly pressing the nozzle.
2. Insert the nozzle into one nostril.
3. Press briefly without tilting your head backwards or sniffing.
4. Blow your nose.
5. Repeat in other nostril.
6. Clean the nozzle after application with hot water and wipe with a clean, dry cloth. Use as often as required or as recommended by your doctor.

The effective natural solution that unblocks congested little noses from 3 months and up.

Stérimar™ Kids Congestion Relief is a hypertonic[†] solution made from 100% natural sea water enriched with added copper and magnesium salts. Stérimar™ Kids nozzle fits safely in your kids nose to provide effective relief. With a slightly higher salt concentration than cells in the human body, Stérimar™ Kids creates a natural osmotic effect that gently draws and drains excess fluid, like mucus, from the nasal lining to rapidly relieve bunged up noses and help prevent the risk of secondary infection by washing out nasal cavities.

[†]Hypertonic solution: solution with a higher salt concentration than cells in the human body for a natural decongestant effect, called the osmotic effect.

NATURALLY GENTLE AND EFFECTIVE

Get an extra layer of protection against colds with new Stérimar™ Cold Defence – an exclusive formula inspired by nature. The 100% sea water based solution is enriched with copper salts to gently cleanse nasal passages and help reduce the risk of ENT disorders such as sinusitis, bronchitis and otitis.

Stérimar™ Cold Defence works by washing out impurities in the nose including airborne responsible for colds, helping to limit cold symptoms from developing and enabling you to make the most of your busy day ahead.

Who is it suitable for?

POWERFUL YET GENTLE DECONGESTANT, INSPIRED BY NATURE

Stérimar™ Congestion Relief is a hypertonic* solution made from 100% natural sea water, enriched with added copper and magnesium salts to wash away even thick mucus and rapidly decongest the nose in case of colds and sinusitis symptoms.

Stérimar™ Congestion Relief helps to fight colds, sinusitis symptoms and limit the risks of secondary infection by washing out nasal cavities with no known side effects from chemicals like steroids or preservatives that some medications may have.

*Hypertonic solution: solution with a higher salt concentration than cells in the human body for a natural decongestant effect, called the osmotic effect.

Who is it suitable for?

FAST AND EFFECTIVE RELIEF FROM CONGESTION WHEN NEEDED MOST

Stérimar™ Stop & Protect Cold & Sinus Relief is scientifically proven to immediately unblock and relieve nasal passages. Scientifically proven and fast acting relief recommended by GPs and made with 100% natural purified sea water based formula, enriched in sea minerals with added copper and eucalyptus oil.

Stérimar™ Stop & Protect also helps to fight cold symptoms and secondary infections by washing away nasal cavities. Stérimar™ Stop & Protect Cold and Sinus Relief is drug, steroid and preservative free. It is suitable for pregnant women, breast feeding mothers and children from 3 years and up.

Trust the UK's #1 treatment for your bum

What are Haemorrhoids?

Haemorrhoids are the result of increased pressure on the rectal blood vessels, leading to swelling. The result: internal piles, which are the most common form, tucked up and away; or external piles which can be very painful.

Sometimes the swelling can be so severe that the vein walls become stretched, thin, and irritated by passing bowel movements. Haemorrhoids are common and causes include pregnancy, obesity and other means of abdominal pressure.

Haemorrhoid Facts:

- 1 in 2 people in the UK will deal with them at some point in their lives*
- 83% of first-time sufferers seek advice from either a GP or a pharmacist
- 2 out of 3 shoppers purchase Anusol from a pharmacy
- Haemorrhoid cream is the most popular format of treatment, used as soon as symptoms start

Top Symptoms:

Itchiness, soreness and / or inflammation around the anus

Bleeding when passing stool (the blood will be bright red)

Discomfort or pain while you're going to the loo

Hard lump(s) protruding from your bottom

Occasional sharp pains up your bottom

*WebMD, Digestive Disorders, Piles, 02.2018.

Anusol™ THE UK'S #1 PILES TREATMENT BRAND*

GSL - GENERAL SALES LIST

Cream Ointment Suppositories Wipes

GSL: BASE RANGE

Both Anusol Cream and Ointment can be used on less severe piles to reduce itching, swelling and inflammation. Both formats also contain antiseptics to help discourage the growth of bacteria.

Anusol Suppositories are designed to be inserted directly into the anus to deliver medication straight to internal piles, insertion can be made easier with the help of Anusol cream.

Anusol Soothing & Cleansing Wipes provide gentle care for everyday cleansing when suffering from piles.

Soothing Relief Ointment Soothing Relief Suppositories

GSL: SOOTHING RELIEF RANGE

Anusol Soothing Relief works in 4 ways:

- Shrinks Piles
- Relieves Discomfort
- Soothes Itching
- Reduces Inflammation

Hydrocortison active ingredient works to reduce inflammation and redness.

P - PHARMACY

Plus HC Ointment Plus HC Suppositories

P: PHARMACY RANGE

Anusol Plus HC is a pharmacy strength solution for the discomfort of piles and comes in two formats, an ointments for external piles and suppositories for internal piles.

Johnson & Johnson

The Tobacco Control Plan (July 2017) aims to reduce smoking prevalence in adults in England from 15.5% to 12% by 2022.¹

This policy calls for collaboration between Public Health England, the NHS, all healthcare professionals and local councils to achieve this target.¹

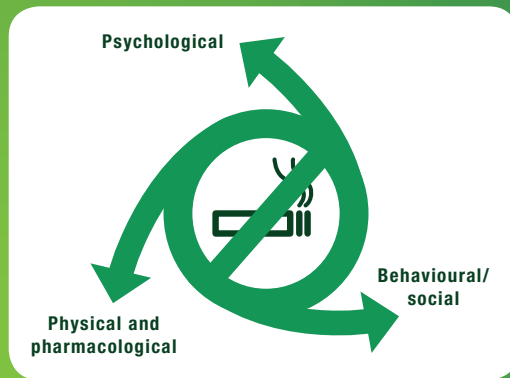

WHY IS ACTION NEEDED?

Smoking costs the NHS in England £2.5 Billion.¹

Costs include...

- Smoking-related GP consultation costs²
- Smoking-related practice nurse consultation costs³
- Smoking-related GP prescription costs³

BUT QUITTING CAN OFTEN BE DIFFICULT FOR YOUR CUSTOMERS...

Physical and pharmacological: cigarettes are so addictive because of the rapid delivery of a high dose of nicotine to the brain, stimulating the 'reward centre'⁴

Psychological: major motivation to continue smoking is avoidance of negative mood states caused by withdrawal of nicotine⁴

Behavioural/social: situations become linked to smoking such as at home watching the TV, driving the car and socialising⁵

QUITTERS ARE MORE LIKELY TO QUIT WITH A COMBINATION OF HEALTHCARE INTERVENTIONS AND APPROPRIATE PHARMACOTHERAPY⁶

Without appropriate interventions and support, **96% of smokers fail to quit**^{7,8}

4%

12-month quit rate
with no support^{7,8}

8%

12-month quit rate
with pharmacotherapy
(i.e. nicotine replacement therapy,
varenicline, bupropion) and brief supervision
from a healthcare professional⁷

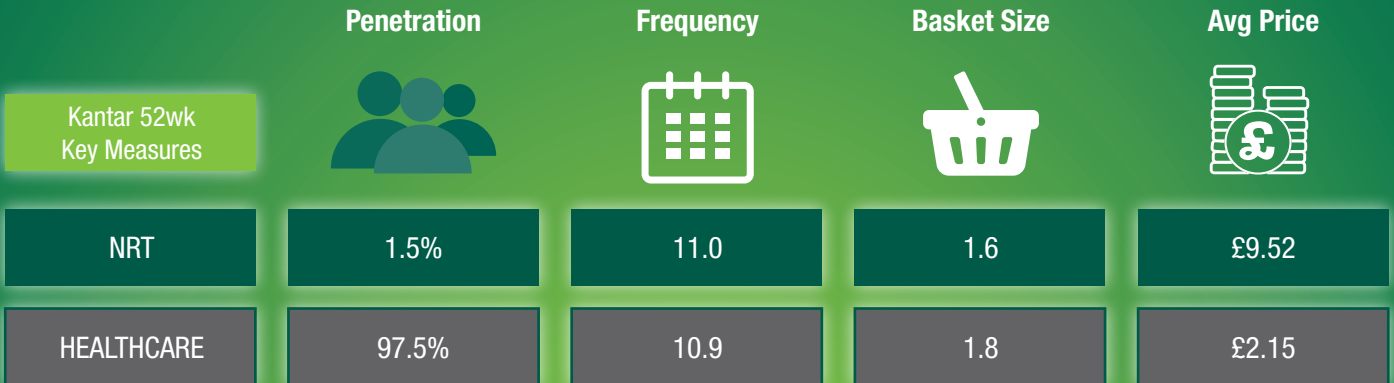

15%

12-month quit rate
with NHS Stop Smoking Service/ trained
member of practice staff providing regular
weekly support^{7,8}

ABOUT THE NRT CATEGORY AND YOUR CUSTOMER

NRT IS AN IMPORTANT HEALTH & WELLBEING CATEGORY FOR SHOPPERS & RETAILERS

You might only be engaging a small % of your shoppers, but, this is a category that makes a big difference to them on top of the fact that each individual is extremely valuable to you. Delivering almost 5x the value per purchase vs OTC.⁹

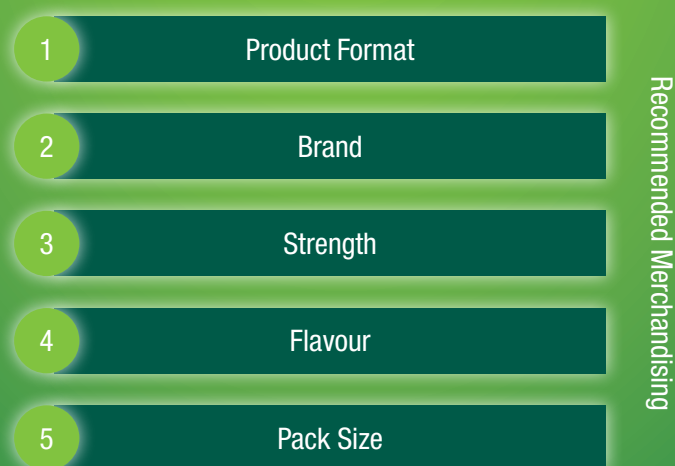

Source 9: Kantar 52wks to 23.05.18.

Term	Definition
NRT	This stands for Nicorette Replacement Therapy
Healthcare	This refers to the total Healthcare Category
Volume	Physical quantity purchased [of the defined market] in the considered time period.
Average Price (per Volume Metric)	Average price paid for a defined volume in the considered time period.
Frequency (purchase)	Average number of purchase trips [for the defined market] per buyer in the considered time period.
Penetration %	Number of households/individuals that bought the defined market at least once in the considered time period as a percentage of total households/individuals.
Total Households/Individuals	Total number of households/individuals in Great Britain.

WHEN IT COMES TO CUSTOMER DECISION MAKING... FORMAT IS KING.

Source 10: Shopper Centric Report 2014, Kantar Retail

87% of people who purchase into NRT know what format they will purchase before going into store.¹⁰

Shoppers are likely to know the format before they arrive in store, but many make their final choice at the fixture.

There is minimal cross shop between the formats, therefore, getting the right assortment of NRT products is key.

- 49% of NRT shoppers say they would walk away if they can't find what they want.
- Within that, 20% would go to another store in search of what they need.
- Losing these NRT shoppers is a real watch out as a swing of just 0.15% penetration may affect a 10% swing in your sales

HOW DO YOU EMPOWER THEM TO QUIT FOR GOOD?

Combination therapy is more effective in helping smokers to quit, compared with a single NRT

GUIDE TO MEDICATED CONFECTIONERY

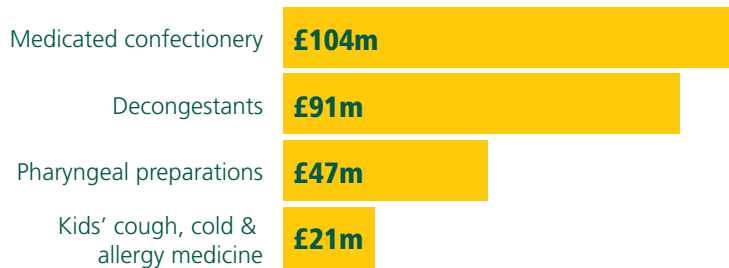

ALL-YEAR-ROUND SOOTHING COMFORT

Medicated confectionery products are called upon by consumers all-year-round to provide soothing comfort during the summer allergy season as well as during the winter months.

SALES

Sales of medicated confectionery are already worth more than decongestants and twice as much as pharyngeal (throat) preparations*, yet the opportunity for further growth exists.

Source: Euromonitor, UK category value data, September 2019.

50%

It is believed that around 50% of the population **will suffer some form of mild throat discomfort over the course of a year** yet about half of medicated confectionery shoppers surveyed said they **'struggled to find medicated confectionery products that appealed to them'**.

Source: Zappi Pro online research study, 150 UK medicated confectionery purchasers, 2018

70% OF CATEGORY BUYERS PREFER PRODUCTS THAT CONTAIN NATURAL INGREDIENTS

Consumers are much more likely nowadays to demand products that contain **natural ingredients, taste good** and have a **sustainable ethos**. Shoppers are also **prepared to pay more for a high quality product**.

Source: Zappi Pro online research study, 150 UK medicated confectionery purchasers, 2018

UNTAPPED GROWTH OPPORTUNITY

8 out of 10 medicated confectionery buyers open to trying something new.

Source: Zappi Pro online research study, 150 UK medicated confectionery purchasers, 2018

ARE YOU MAKING THE MOST OF THE MEDICATED CONFECTIONERY OPPORTUNITY IN YOUR PHARMACY?

Take a moment to give your medicated confectionery range some TLC

TALK ABOUT IT

Don't assume your customers know **how** and **when** to use medicated confectionery. If you think these products sell themselves you could be missing an opportunity to better meet the needs of your customers.

Many customers don't realise that **some medicated confectionery** products can be used

alongside licensed medicines to provide **soothing comfort** between doses.

This provides a **great opportunity to link-sell** medicated confectionery as companion products, taken alongside cold, cough, flu, allergy, sore throat and decongestant remedies.

LAYOUT MATTERS

Check **where** your medicated confectionery products are located. Are they easy for you and your customers to **see and reach**? Are they located close to the counter and next to **related categories** such as cold & flu, cough, sore throat, allergy and decongestants?

Consider dual-siting medicated confectionery at the pharmacy counter and next to related categories.

This way, the products are **close at hand** for you to **recommend** on counter **and** at shelf.

CUT THE CLUTTER

Look at your medicated confectionery range with fresh eyes. Aim for a **balanced range** with a **good variety of brands and flavour** profiles for customers to choose from.

Ricola

We wish you TLC

Throat Loving Care

from the Swiss Alps

Give your customers some much-needed TLC with the new Soothe & Clear range. Ricola Soothe & Clear gently soothes and clears using a blend of 13 Swiss-grown herbs in combination with natural gentle menthol and other high quality natural ingredients.

CLINICALLY PROVEN
BETTER ABSORPTION*

yes!

NON-CONSTIPATING
FORMULA

* Clinically proven twice the absorption compared to iron sulfate.
Wang et al, Acta Haematologica 2017; 138: 223-232.

FEWER SIDE EFFECTS AND IMPROVED ABSORPTION

Evidence suggests around

85%

of those who take iron supplements report side effects.

30%

will stop taking them due to these side effects.

ACTIVEIRON® is specially formulated to reduce the negative gastro-intestinal side effects associated with traditional oral iron preparations, including nausea, constipation and diarrhea.

WHAT MAKES ACTIVEIRON® DIFFERENT?

ACTIVEIRON®'s protein formula helps reduce irritation from iron, meaning it's **kind** enough to take on an empty stomach. ActiveIron targets the body's normal "iron absorber", called the DMT-1. This means that it is **strong** on absorption and in tune with the body's needs.

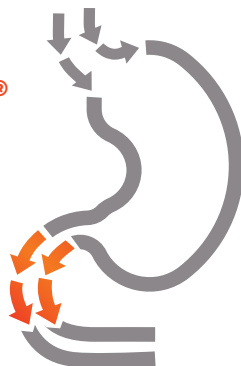

ACTIVEIRON® & B COMPLEX PLUS FOR WOMEN & MEN

The first gender specific iron with B Complex. Containing Activelron's ground breaking protein formula with clinically proven x2 better absorption of iron sulfate. Plus a specially formulated B Complex Plus containing high strength B Vitamins in a targeted delivery system to improve absorption.

CLINICALLY PROVEN....

HOW ACTIVEIRON® IS DIFFERENT TO OTHER IRON PRODUCTS

- | | | |
|---|---|---|
| <p>1.
Activelron targets the right place for absorption, the DMT-1.</p> | <p>2.
It protects the gut from inflammation and causes less reactive oxygen species generation.*</p> | <p>3.
Activelron is well absorbed.</p> |
| <p>1.
Other iron products dissolve in the stomach or lower intestines.</p> | <p>2.
This causes inflammation and reactive oxygen species in the gut.</p> | <p>3.
Which causes them to be poorly absorbed.</p> |

PHILIPPINES CONFERENCE 2020

Seeing things Clearly

Sigma's 12th Annual Community Pharmacy Conference
15th - 21st February 2020, Cebu, Philippines

**5 NIGHT CONFERENCE PACKAGE:
Total price £3790 per couple**

**Average price
£1895
per person**

SUMMARY OF TERMS

1. Where accounts have been approved for credit, payments are due 30 days from the month of invoice. Sigma Pharmaceuticals Plc reserves the right to charge interest on overdue accounts at the rate of 4% above the LIBOR (London InterBank Offered Rate) per month without prejudice to the right of recovery. Cheques payable to Sigma Pharmaceuticals Plc. Sigma Pharmaceuticals Plc reserves the right not to process the orders in case of an overdue account.
2. All orders and prices quoted are subject to the standard rate or reduced rate of V.A.T. on the NETT invoice value. The invoice date is the tax point for V.A.T. purposes.
3. If a cheque is returned unpaid, for whatever reason, you will automatically be charged with a £25.00 surcharge.
4. All delivery enquiries must be notified within 24 hours of delivery
5. Prices are correct at time of going to print, but are subject to change without prior notice. Sigma Pharmaceuticals Plc reserves the right to amend any of their prices without due notice. Orders are accepted on condition that the goods will be invoiced at the prices ruling at the date of delivery. All images shown are for illustrative purposes only.
6. Invoice queries must be raised within one week of invoice date.
7. The goods shall remain the sole and absolute property of the seller and legal equitable owner until such time as the buyer shall have paid to the seller the agreed price together with the full price of any other contract with the seller.
8. Standard terms and conditions apply, as per trading terms, available upon request.
9. RSP's shown are supplied by the manufacturers and are correct at time of going to print. It is at the retailers discretion to set their own retail price and margin.

CLAIMS AND RETURNS

DELIVERIES

When accepting your delivery please ensure the number of boxes/bulk received match the drivers runsheet and that any discrepancies are clearly marked. Non-delivery must be notified to Sigma Pharmaceuticals Plc within 1 service day of invoice date or advice of despatch.

RETURNS

Under existing rules and regulations issued by the DHSS and as published in "MAIL", goods will only be accepted for return by Sigma Pharmaceuticals Plc for the following reasons:

- To correct an error in delivery or ordering.
- In response to a product or batch recall instigated by a manufacturer.
- Where products or packages are alleged to be faulty.

In order to be considered for credit or replacement the goods must be accompanied by a note showing:-

- The name and address of the customer returning the goods.
- The quantity and description of the goods.
- The invoice number on which the goods were supplied.
- The reason of the return.

Transfer Order Queries

Call **01923 331 411** and ask for the Transfer Order Department.

Expiry Date Queries

Dates on products should be checked upon delivery. If you wish to return an item due to the date, please follow the return procedure mentioned previously.

Items Missing From Delivery

Call **01923 444 999** within 24 hours of delivery.

Wrong Item Supplied

Mark the required item with the code of 'B' on your invoice/return slip.

Goods Ordered in Error

Mark the item with the code of 'H' on your invoice/return slip.

Goods Arrived Damaged

Mark the item with the code of 'F' on your invoice/return slip.

Recall Stock

All recall stock must be written on a return slip with the date, quantity and reason code K.

Hard/Compacted wax and dry irritable ears?

Earol[®] metered dose olive oil spray softens and naturally removes impacted and compacted ear wax and is now **clinically proven** to help prevent and soothe itchy and dry ears.

- ✓ Softens and naturally removes compacted/impacted ear wax
- ✓ Soothes itchy and irritable ears
- ✓ 180 doses, simple to use, no mess or cotton wool stoppers required
- ✓ Actuate into each ear canal morning and evening
- ✓ Recommended by GP's, nurses and leading audiologists
- ✓ Once ears are clear, use remainder of the bottle once per week to maintain ear hygiene

LOTIL

Softens chapped, cracked and dry, damaged skin to enable the healing process to take place.

Anti-bacterial and anti-fungal properties help reduce any infection.

Contains a very mild local anaesthetic that does not affect undamaged skin.

This reduces pain felt on small cuts.

Can help treat all dry skin conditions including symptoms of Psoriasis, Eczema and Diabetes.

AVAILABLE IN A RANGE OF SIZES 30ml, 50ml & 114ml

Maalox[®] Plus

TRIPLE ACTION

MAALOX PLUS' X3 ACTION formula is an established remedy, providing fast relief from:

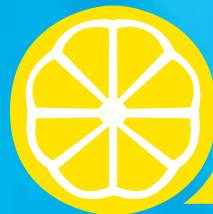

- 1 Bloating and Trapped Wind**
Maalox Plus helps remove the gas in the stomach which causes bloating, burping and nausea.
- 2 Indigestion**
Maalox Plus neutralises and therefore reduces excess acid in the stomach, quickly relieving the pain and discomfort of indigestion.
- 3 Heartburn**
Maalox Plus relieves the burning sensation of heartburn in the chest or throat by neutralising acid in the stomach, resulting in less acid escaping in the oesophagus.

A FOCUS ON COLD & SINUSITIS

A cold is caused by a virus that affects the nose, throat and upper airways. There are more than 200 different viruses that can cause a cold. The flu (influenza) is caused by more severe viruses. Adults, on average catch three to four colds each year.

Decongestant Nasal Sprays now worth £75.3m

Nielsen value % change vs YA total coverage MAT 08.09.18

The nose is your first line of defence.

The nose is a highly effective filter for your body. Filtering through over 15,000 litres of air a day, doing its best to filter out the dust, pollution and allergens looking to enter into your body through your nasal passages. If the nasal passage (the inside of your nose) dries out or is clogged, it cannot be as efficient when performing its crucial role in keeping you healthy.

That's where Sterimar comes in.

Ensuring that the nose is clean, clear and moisturised can help ensure the nose remains in top working condition to help defend against the airborne contaminants you breathe in. It helps to prevent the onset of cold & sinusitis symptoms.

Attention: Simone

Pharmacy Name: Telephone Number:

NATURALLY GENTLE AND EFFECTIVE

Get an extra layer of protection against colds with new Stérimar™ Cold Defence – an exclusive formula inspired by nature. The 100% sea water based solution is enriched with copper salts to gently cleanse nasal passages and help reduce the risk of ENT disorders such as sinusitis, bronchitis and otitis.

Stérimar™ Cold Defence works by washing out impurities in the nose including airborne responsible for colds, helping to limit cold symptoms from developing and enabling you to make the most of your busy day ahead.

Who is it suitable for?

POWERFUL YET GENTLE DECONGESTANT, INSPIRED BY NATURE

Stérimar™ Congestion Relief is a hypertonic* solution made from 100% natural sea water, enriched with added copper and magnesium salts to help prevent flu contamination**, wash away even thick mucus and rapidly decongest the nose in case of colds and sinusitis.

Stérimar™ Congestion Relief helps to fight colds, sinusitis and limit the risks of secondary infection by washing out nasal cavities with no known side effects from chemicals like steroids or preservatives that some medications may have.

*Hypertonic solution: solution with a higher salt concentration than cells in the human body for a natural decongestant effect, called the osmotic effect. **If exposed to flu airbornes.

Who is it suitable for?

FAST AND EFFECTIVE RELIEF FROM CONGESTION WHEN NEEDED MOST

Stérimar™ Stop & Protect Cold & Sinus Relief is scientifically proven to immediately unblock and relieve nasal passages. Scientifically proven and fast acting relief recommended by GPs and made with 100% natural purified sea water based formula, enriched in sea minerals with added copper and eucalyptus oil.

Stérimar™ Stop & Protect also helps to fight colds and secondary infections by washing away nasal cavities. Stérimar™ Stop & Protect Cold and Sinus Relief is drug, steroid and preservative free. It is suitable for pregnant women, breast feeding mothers and children from 3 years and up.

Your patients wouldn't apply 60% of their lipstick.
 Why would they only clean 60% of their teeth?
Recommend TePe to get them to 100% clean

A standard toothbrush only cleans up to 60% of the tooth surface. TePe Interdental Brushes have a unique neck design and range of sizes to get your patients' teeth and gums 100% clean. They're also the most widely available brushes in the UK - making the healthy choice the easy choice. No wonder 94% of dental hygienists recommend them*. **Visit tepe.co.uk for more information**

the science of good bone structure

You may think bone is solid or fixed. In fact it is living tissue, in constant change. To keep bones healthy you must have the right nutrients in your daily diet.

Calcium is essential to help maintain normal bones, as is vitamin D, which is necessary for the normal absorption and utilisation of calcium. But did you realise magnesium and zinc are important for bones too? Both men and women need to look after their bones throughout their life, and remember it's never too early or too late to start a bone-friendly way of life!

LIQUID

Excellent taste. Ideal for children or those who have difficulty swallowing tablets. Available in 200ml and 500ml.

Healthy tip:

Almonds are a great source of magnesium and zinc

FIZZ

Makes a tasty drink. A convenient, refreshing orange flavoured, effervescent drink.

Leafy greens contain minerals such as magnesium and calcium

Healthy tip:

ORIGINAL

More than just calcium. Provides calcium carefully balanced with vitamin D, zinc and magnesium which all contribute to the maintenance of normal bones.

Sardines contain high levels of vitamin D & calcium

Healthy tip:

CHEWABLE

Easy to take. Provides the original formula in a great tasting peppermint and orange flavoured chewable tablet.

*UK's No.1 bone health supplement brand. Source: Nielsen GB ScanTrack Total Coverage Unit Retail Sales 52 w/e 18 May 2019. To verify contact Vitabiotics Ltd, 1 Apsley Way, London NW2 7HF.

Vitabiotics Wellbaby®

From the makers of **Pregnacare®**

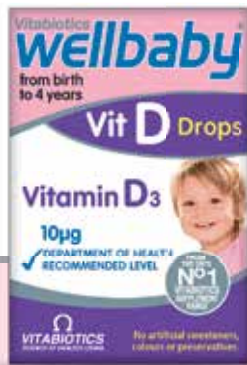

For the start of their journey

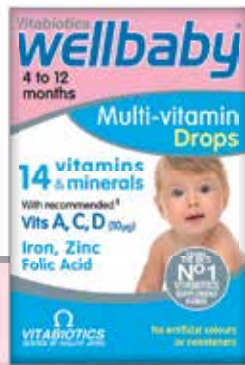

Formulated by Vitabiotics' nutritional experts, to support the nutritional requirements of babies and young children.

- ✓ Contains UK Department of Health recommended level of vitamin D¹
- ✓ Wellbaby multi-vitamins contain the recommended vitamins A, C and D¹

UK's No.1 FOR BABIES*

Vit D Drops

Multi-vitamin Drops

Multi-vitamin Liquid

Available from your wholesaler

1. The UK Department of Health recommends that all babies from birth until the age of 1 should be given a daily supplement containing 8.5-10mcg of vitamin D and all infants aged from 6 months to 5 years should be given a supplement containing vitamins A, C and D (Unless they are drinking 500ml (or approx. 1 pint) of infant formula a day, as infant formula has vitamins added to it). Source: NHS Choices. *Source: Nielsen GB ScanTrack Total Coverage Value and Unit Retail Sales 52 w/e 18 May 2019. To verify contact Vitabiotics Ltd, 1 Apsley Way, London NW2 7HF.
