# A VITAL ROLE IN STEP CHANGING ACCESS

## NOW AVAILABLE WITHOUT A PRESCRIPTION AS A **P** MEDICINE

- Desogestrel is the most widely prescribed contraceptive pill (England, 2020)<sup>6</sup>
- Desogestrel is a trusted and effective choice (when used correctly) used by millions of women over 22 years<sup>7</sup>
- Breastfeeding is not a contraindication of Lovima (subject to individual circumstances and consultation)
- Blood pressure (BP) measurement is not necessary - may be offered if available, as part of a general healthcheck
- May be taken following any other oral contraceptive pill, including the combination pill (see SmPC for details)
- No need for the Pharmacist to inform the GP that Lovima has been supplied, although women should be encouraged to tell their GP

## LONG TERM CONTRACEPTION WITH UP TO 12 MONTHS SUPPLY

### RECOMMENDED SUPPLY

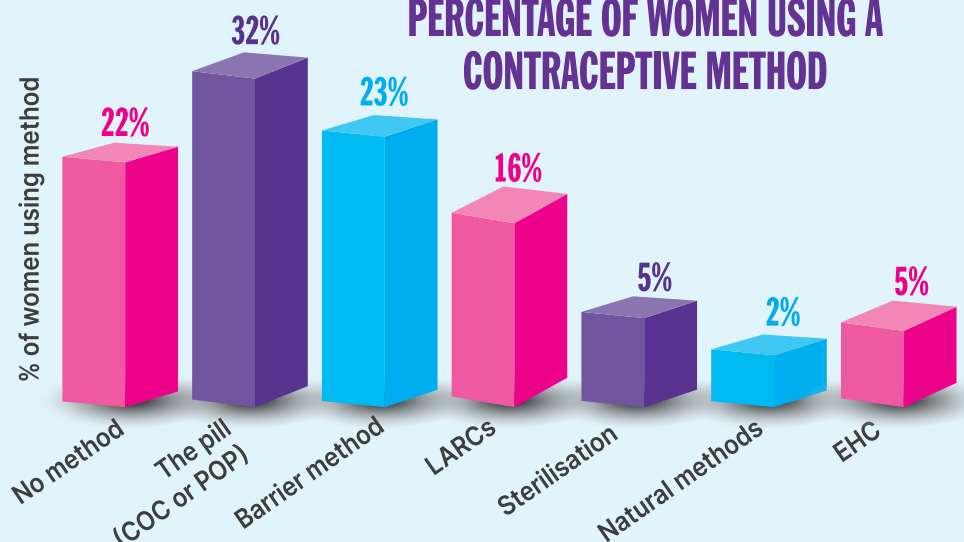

- First supply: Up to 3 months supply could be provided
  - Repeat: Up to 12 months supply could be provided
  - Women under 18 years: limited to 3 months supply
- Refer to Lovima Training Guide and SmPC

## ABLE TO RECOMMEND TO ALL WOMEN OF CHILDBEARING AGE\*

### LOVIMA CAN BE TAKEN AS

- First Supply – no preceding hormonal contraceptive use
- Switching – from other hormonal contraceptive
  - Progesterone only (POP)
  - Combination Pill (COC)
- Emergency Contraception
- Repeat supply

### PERCENTAGE OF WOMEN USING A CONTRACEPTIVE METHOD

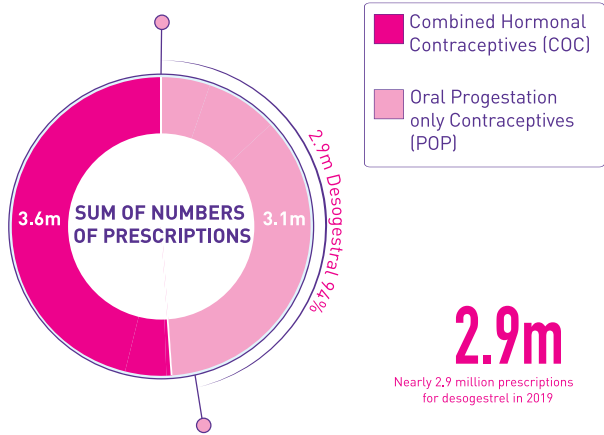

Public Health England (2018), Contraception: Economic Analysis estimation of the Return on Investment (ROI)

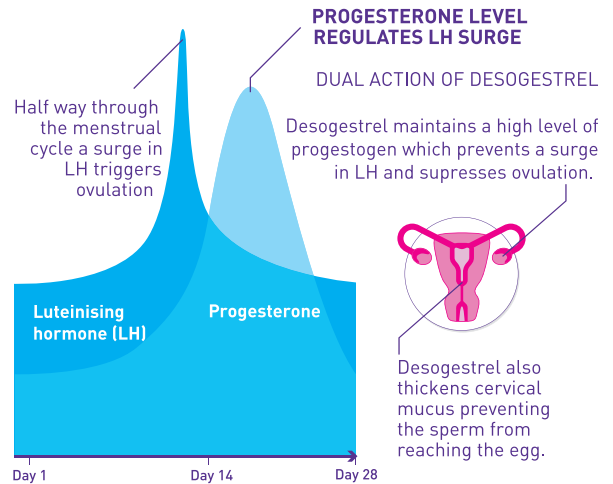

See EI on final page.

# A CONTRACEPTIVE PILL IS NOW AVAILABLE

## DESOGESTREL IS THE MOST COMMONLY PRESCRIBED CONTRACEPTIVE PILL<sup>6</sup>

## THE MENSTRUAL CYCLE<sup>8</sup> & DESOGESTREL<sup>10</sup>

## CONTRACEPTION OPTIONS<sup>9</sup>

Reminder: LARCs including the implant, injection and IUS/IUD are considered the most effective form of contraception because they do not need a woman to remember to use them.

<p><b>POP</b> Contains progestogen ● 91% effective ● No protection from STIs</p>	<p><b>COC</b> Contains oestrogen and progestogen ● 91% effective ● No protection from STIs</p>	<p><b>PATCH OR RING</b> Contains oestrogen and progestogen ● 91% effective ● No protection from STIs</p>
<p><b>IMPLANT/INJECTION</b> Releases progestogen ● 94% effective ● No protection from STIs</p>	<p><b>IUD/IUS</b> IUD releases copper IUS releases progestogen ● 99% effective ● No protection from STIs</p>	<p><b>CONDOM/CAP</b> Barrier method ● 76% effective ● Protection from STIs (condoms)</p>

**SMOKING**

**OVER 35s**

**Check suitability for each supply**  
Refer to Lovima Training Guide and SmPC

## SWITCH FROM ANY PILL, RING, PATCH OR LARC

Women can choose to switch from any form of contraception to Lovima.

See Lovima Training Guide for further information.

Lovima is also a reliable bridging method that women may be able to use while waiting to access their preferred contraception.

# THIS PILL HAS BEEN LIBERATED WITHOUT A PRESCRIPTION AS A P MEDICINE

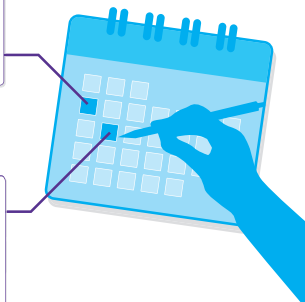

## NEW TO HORMONAL CONTRACEPTION?

Start Lovima on the first day of period to be protected straight away

Or

Start Lovima on day 2 to 5 of period. Use a barrier method for first 7 days of tablet taking

## FOR PROTECTION AFTER EHC?

It is advisable to start on first day of a period. The following advice is given if started earlier:

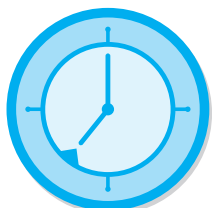

**LEVONORGESTREL:** Start Lovima immediately and use a barrier method for 7 days

**ULIPRISTAL:** Wait 5 days and use a barrier method. Start Lovima and use a barrier for another 7 days

5+7 = 12 days of barrier method before protected

## HOW TO TAKE LOVIMA

Take one tablet at the same time **everyday without a break**

**24 hours** between tablets

## MISSED A PILL?

Take missed tablet ASAP and the next when due, even if it leads to taking 2 tablets in one day.

Less than 12 hours

Still protected. No need to use additional contraception to protect from pregnancy.

More than 12 hours

Had unprotected sex?

YES

Not protected. Consider EHC.

NO

Not protected. Use a condom for 7 days.

Refer to Lovima Training Guide and SmPC

Scan this to access the

**lovima** consumer suitability checklist.

# THE HEARTBURN MARKET

- 1 in 4 adults suffer from heartburn in the UK<sup>1</sup>
- The indigestion category is worth £213m +4.4% vs last year<sup>2</sup>
- Growth is being driven by PPI's +45% vs last year<sup>2</sup>
- Nexium Control has 74% share of the PPI category<sup>2</sup>

62% of shoppers suffer more than twice a week<sup>3</sup>

61% of heartburn sufferers are dissatisfied with their current OTC/alginate treatment<sup>3</sup>

48% of category shoppers say pharmacy recommendation is very important to their decision<sup>4</sup>

**PATIENTS WITH HEARTBURN ARE LOOKING FOR YOUR ADVICE TO IMPROVE THE MANAGEMENT OF THEIR FREQUENT HEARTBURN**

# FREQUENCY OF HEARTBURN IS KEY

## Occasional heartburn – occurs sporadically

- The cause is usually obvious and often linked to overeating, spicy foods, rich desserts and alcohol

## Frequent heartburn – occurs more than once a week

- More common after meals and at night – stress and food may be triggers but are not always the cause

## DID YOU KNOW?

Heartburn occurring more than once a week is classed as frequent

Frequent heartburn can make the oesophagus more sensitive to acid – so it doesn't take much to trigger burning pain

By understanding your patients' heartburn frequency, you can select the most appropriate treatment

## DURATION OF HEARTBURN MEDICATIONS

**Antacids:**  
Last up to 3 hrs  
Neutralise acid.  
Quick, short-acting relief of symptoms of occasional heartburn

**Alginates:**  
Last up to 4 hrs  
Form a raft on top of stomach contents.  
Quick, short-acting relief of symptoms of occasional heartburn

**H2 Blockers (i.e. Ranitidine):**  
Last up to 12 hrs  
Block one of the 3 signals that stimulate acid production.  
Intermediate duration relief of heartburn

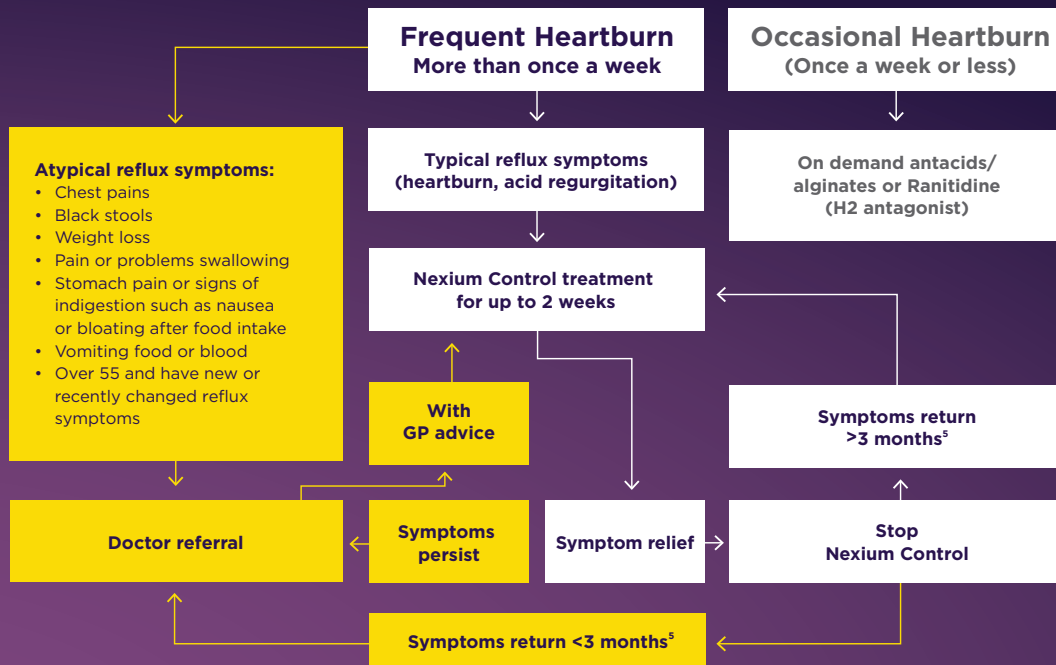

**PPIs (i.e. Esomeprazole):**  
Last up to 24 hrs  
Act on proton pumps to reduce acid production. 24hr relief and protection from frequent heartburn which occurs more than once a week

Make the difference to frequent heartburn sufferers, ask them:  
**“How often do you suffer from heartburn each week?”**

# YOUR GUIDE TO THE APPROPRIATE RECOMMENDATION FOR HEARTBURN BASED ON FREQUENCY

Should symptoms recur after 3 months, patients may restart a further treatment course.<sup>5</sup> If less than three months after previous treatment, it is advisory to refer patients to seek advice from a GP<sup>5</sup>

## NEXIUM CONTROL TREATS THE CAUSE OF DISCOMFORT FOR FREQUENT HEARTBURN SUFFERERS

- Just one pill a day provides 24 hour protection from frequent heartburn
- NICE guidelines recommend PPI's such as Nexium Control, as first line treatment for frequent heartburn<sup>6</sup>

Esomeprazole

FOR **ZERO** HEARTBURN

ONE A DAY

FOR **24HR** PROTECTION

When patients suffer from frequent heartburn recommend **Nexium Control**

### Essential information

**E45 Cream.** Contains: White Soft Paraffin 14.5% w/w, Light Liquid Paraffin 12.6% w/w and Anhydrous Lanolin 1.0% w/w. Indications: For the symptomatic relief of dry skin conditions, where the use of an emollient is indicated, such as flaking, chapped skin, ichthyosis, traumatic dermatitis, sunburn, the dry stage of eczema and certain dry cases of psoriasis. Product licence holder: Reckitt Benckiser Healthcare (UK) Ltd, Slough, SL1 4AQ, UK. Legal category: GSL. For full information refer to SmPC (<https://www.medicines.org.uk/emc/product/6586/smpc>).

**E45 Itch Relief Cream.** Contains: Lauromacrogols 3.0% w/w and Urea 5.0% w/w. Indications: For the treatment of pruritus, eczema, dermatitis and scaling skin conditions where an antipruritic and/or hydrating effect is required. Product licence holder: Crookes Healthcare Ltd, Nottingham, NG2 3AA. Legal category: GSL. For full information refer to SmPC ([www.medicines.org.uk/emc/product/378/smpc](https://www.medicines.org.uk/emc/product/378/smpc)).

**Hc45 Hydrocortisone Cream.** Contains: Hydrocortisone acetate 1.0% w/w. Indications: For the treatment of irritant contact dermatitis, allergic contact dermatitis, insect bite reactions and mild to moderate eczema. Licence holder: Reckitt Benckiser Healthcare (UK) Ltd, Slough, SL1 4AQ. Legal category: P. For full information refer to SPC ([www.medicines.org.uk/emc/product/5651](https://www.medicines.org.uk/emc/product/5651)).

Adverse events should be reported. Reporting forms and information can be found at [www.mhra.gov.uk/yellowcard](http://www.mhra.gov.uk/yellowcard).  
Adverse events should also be reported to Reckitt Benckiser Healthcare (UK) Ltd on: 0333 200 5345

# Confused about which emollient to recommend?

**E45**

Straightforward Skincare

## No other emollient treats more dry skin conditions than E45 Cream.\*

HCP intervention can reduce symptom severity of atopic eczema by up to 89%<sup>1†</sup>

**RECOMMEND E45 CREAM. APPLY 3 TIMES A DAY FOR DRY SKIN CONDITIONS.**

\*For verification please write to PO BOX 4044, Slough, SL1 0NS.

†Based on a nurse intervention study on 51 children with atopic eczema for 1 year, 2003.<sup>1</sup>

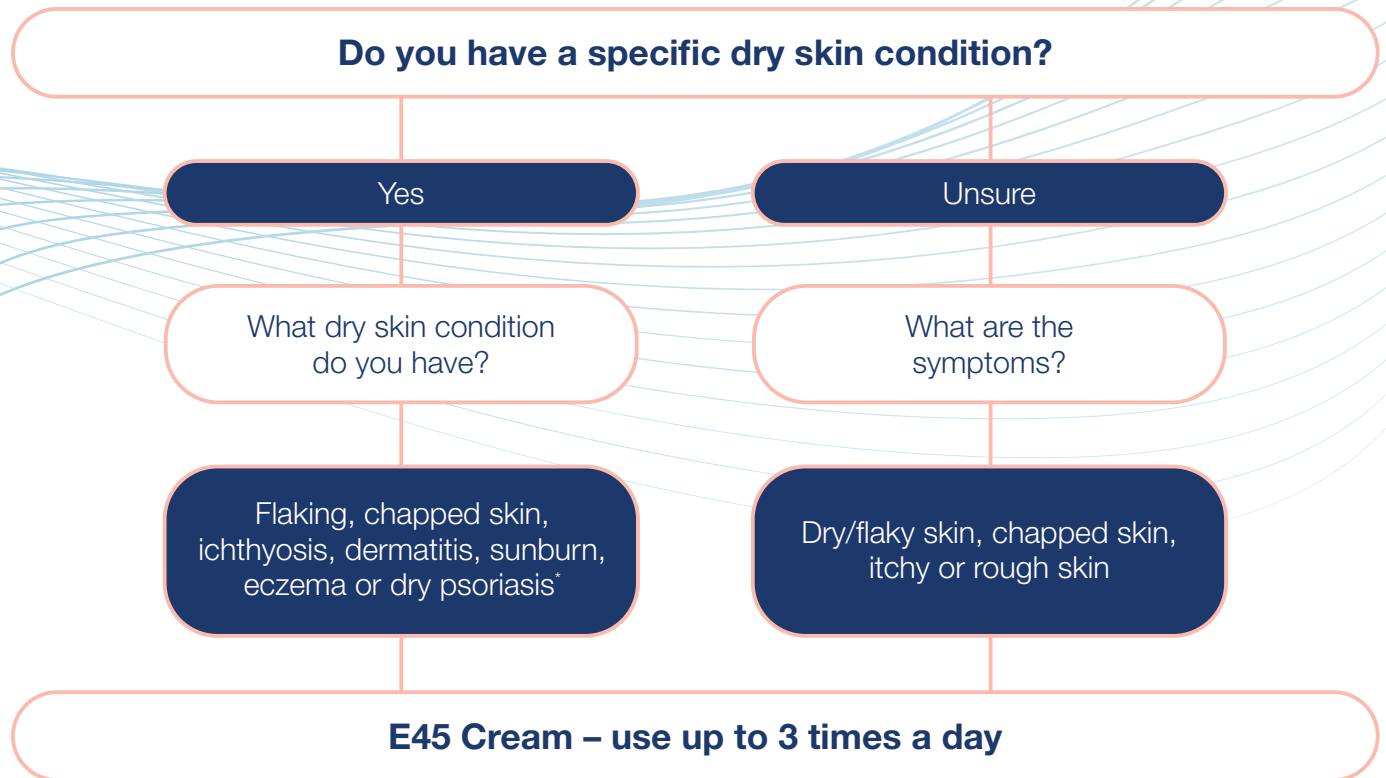

# Have confidence in your emollient recommendation

Advice on skin conditions accounts for up to 23% of pharmacy consultations<sup>2,3</sup>

Guidelines, such as NICE, recommend emollients as the first-line treatment for a wide range of dry skin conditions<sup>4-9</sup>

## E45 Cream: straightforward skincare for your patients

Ask patients the following question

## Applying emollients several times a day offers benefits beyond hydration<sup>10</sup>

- Can prevent condition flare-ups
- May reduce need for additional flare-up treatments
- Reduces referral need
- Improves patients' quality of life, e.g. sleep disturbance<sup>11</sup>

Help make the difference to your patients' dry skin with E45 Cream

# HCP intervention can reduce symptom severity of atopic eczema in children by up to 89%<sup>1\*</sup>

E45 Cream: clinically proven relief in children's eczema<sup>11</sup>

Atopic eczema affects 10–30% of children – most cases occurring in those under 1 year old<sup>12</sup>

NICE recommends emollients are used even when skin is healthy to help prevent flare-ups<sup>12</sup>

## Apply E45 Cream 3 times daily for clinically proven results<sup>11</sup>

The Mason study shows, in children with mild-to-moderate eczema, E45 Cream significantly:<sup>11†</sup>

- Reduced symptom severity and number of nights of disrupted sleep by almost half
- Improved feelings of parental control – 9 out of 10 of parents reported the highest level of control

## Parents value pharmacists' advice on correct emollient use<sup>13</sup>

Parents may not have been given advice on emollient application<sup>14</sup>

Counsel on how to use E45 Cream:

- Apply 3 times daily to all parts of the body, even when skin is healthy<sup>11,12</sup>
- Suitable for use from 1 month of age
- Eczema rarely needs urgent assessment<sup>15</sup> – refer patient to the GP if symptoms persist despite correct emollient use or if the following occur: cracked/weeping/painful skin or blistery rash, eczema spreads over larger areas of the body/limbs become dry and/or red, it severely disrupts sleep or social activities<sup>15</sup>

## Recommend E45 Cream: straightforward skincare from 1 month of age

\*Based on a nurse intervention study on 51 children with atopic eczema for 1 year, 2003.<sup>1</sup> †After cross insert the following: Based on a 12-week study in 136 children.

# SUMMARY OF TERMS

1. Where accounts have been approved for credit, payments are due 30 days from the month of invoice. Sigma Pharmaceuticals Plc reserves the right to charge interest on overdue accounts at the rate of 4% above the LIBOR (London InterBank Offered Rate) per month without prejudice to the right of recovery. Cheques payable to Sigma Pharmaceuticals Plc. Sigma Pharmaceuticals Plc reserves the right not to process the orders in case of an overdue account.
2. All orders and prices quoted are subject to the standard rate or reduced rate of V.A.T. on the NETT invoice value. The invoice date is the tax point for V.A.T. purposes.
3. If a cheque is returned unpaid, for whatever reason, you will automatically be charged with a £25.00 surcharge.
4. All delivery enquiries must be notified within 24 hours of delivery
5. Prices are correct at time of going to print, but are subject to change without prior notice. Sigma Pharmaceuticals Plc reserves the right to amend any of their prices without due notice. Orders are accepted on condition that the goods will be invoiced at the prices ruling at the date of delivery. All images shown are for illustrative purposes only.
6. Invoice queries must be raised within one week of invoice date.
7. The goods shall remain the sole and absolute property of the seller and legal equitable owner until such time as the buyer shall have paid to the seller the agreed price together with the full price of any other contract with the seller.
8. Standard terms and conditions apply, as per trading terms, available upon request.
9. RSP's shown are supplied by the manufacturers and are correct at time of going to print. It is at the retailers discretion to set their own retail price and margin.

## CLAIMS AND RETURNS

### DELIVERIES

When accepting your delivery please ensure the number of boxes/bulk received match the drivers runsheet and that any discrepancies are clearly marked. Non-delivery must be notified to Sigma Pharmaceuticals Plc within 1 service day of invoice date or advice of despatch.

### RETURNS

Under existing rules and regulations issued by the DHSS and as published in "MAIL", goods will only be accepted for return by Sigma Pharmaceuticals Plc for the following reasons:

- To correct an error in delivery or ordering.
- In response to a product or batch recall instigated by a manufacturer.
- Where products or packages are alleged to be faulty.

In order to be considered for credit or replacement the goods must be accompanied by a note showing:-

- The name and address of the customer returning the goods.
- The quantity and description of the goods.
- The invoice number on which the goods were supplied.
- The reason of the return.

#### *Transfer Order Queries*

Call **01923 331 411** and ask for the Transfer Order Department.

#### *Expiry Date Queries*

Dates on products should be checked upon delivery. If you wish to return an item due to the date, please follow the return procedure mentioned previously.

#### *Items Missing From Delivery*

Call **01923 444 999** within 24 hours of delivery.

#### *Wrong Item Supplied*

Mark the required item with the code of 'B' on your invoice/return slip.

#### *Goods Ordered in Error*

Mark the item with the code of 'H' on your invoice/return slip.

#### *Goods Arrived Damaged*

Mark the item with the code of 'F' on your invoice/return slip.

#### *Recall Stock*

All recall stock must be written on a return slip with the date, quantity and reason code K.

## OTC & HEALTH AND BEAUTY TRANSFER ORDER OVERVIEW

Sigma offers a comprehensive transfer order service offering prompt deliveries, transparent invoicing and full advantage of manufacturers multi-level discounts (MLD) across a wide range of manufacturers.

### WHY USE SIGMA FOR TRANSFER ORDERS?

Our transparent invoice structure, quick turnaround and dedicated customer service means we are the preferred choice with manufacturers and third-party sales teams for transfer orders. Advantages of putting your transfer orders through Sigma:

- › A minimum of 10% wholesaler discount on transfer orders\*
- › Transparent discount structure
- › More than 95% of products are available to order in singles
- › Aim to deliver stock within 48 hours from receipt
- › Back orders held for 60 days
- › Dedicated transfer order team that can be directly contacted by telephone or email.
- › Committed to ensure transfer order queries are resolved within 72 hours

\* Ethical and Rx Lines may not qualify for this discount

# CB12

## Fight the root cause of bad breath

Scientifically proven

Fight the root cause of bad breath

12 hour effect

CB12 is scientifically proven to fight the root cause of bad breath.

The effect provides 12 hours of pleasant breath.<sup>1-4</sup>

[www.CB12.co.uk](http://www.CB12.co.uk)

CB12 oral rinse counteracts root cause of bad breath and reduces its recurrence by neutralizing the malodorous sulphur gases in the mouth. CB12 oral rinses also contain fluoride for daily strengthening of teeth.<sup>2,3</sup>

1. Scientifically proven 12 hour effect: cf. studies by Seeman et al. J Breath Res. 2016 Jun 22;10(3):036002. doi:10.1088/1752-7156/10/036002 2. Thrane PS, Young A, Jonski G et al. # All tests are the same. Until you look into them.

Clearblue is the only pregnancy test that measures the concentration of hCG to indicate the number of weeks since conception.

### 3 more reasons to recommend Clearblue:

- ∨ Clinically proven accuracy based on 1,966 women
- ∨ Highly sensitive so can be used up to 4 days early
- ∨ Over 99% accurate at detecting pregnancy from the day the period is due

[www.clearblue.com](http://www.clearblue.com)

\*Weeks since conception displayed as 1-2, 2-3, or 3+ on screen. Data on file. Urine samples collected from 1,966 women demonstrated that measuring the level of hCG in urine is an accurate method for estimating pregnancy duration. For over 99% accuracy, test from the day the period is due. In lab testing 98% of pregnant results were detected the day before the period was due, 97% were detected 2 days before, 90% were detected 3 days before and 65% were detected 4 days before. If a woman tests early and get a 'Not Pregnant' result it is possible that the level of pregnancy hormone may not yet be high enough to be detected. She should test again when your period is due. Weeks since conception displayed as 1-2, 2-3, or 3+ on screen. Read instructions before use. ©2014 SPD Swiss Precision Diagnostics GmbH. All rights reserved.

# Cura-Heat

- The heat patches contain iron, activated carbon and water & Once they come into contact with the oxygen in the air, the ingredients oxidise and produce heat.
- This increases blood flow to the application area to reduce pain, stiffness and to soothe sore muscles
- They are specially formulated to ensure a constant and comforting heat to various parts of the body

## Up to 24 hours pain relief\*

All day, Targeted and comforting pain relief

Non-medicinal

Available in indirect and direct to skin applications\*

# THIS PILL

# HAS BEEN

# LIBERATED

## A CONTRACEPTIVE PILL IS NOW AVAILABLE WITHOUT A PRESCRIPTION AS A P MEDICINE

The contraceptive pill has been a life-changing choice for women for nearly 60 years<sup>1</sup>.

Yet over a third of women are still unable to access contraceptive services locally<sup>2</sup>.

Lovima<sup>®</sup> now helps to change that.

Lovima<sup>®</sup> puts you on the frontline of providing important contraception support and choice in pharmacy. You can now play a vital role in step changing access to contraception.

It's in your hands. Stock Lovima<sup>®</sup> and be part of this revolution.

**GO TO LOVIMA.COM TO ACCESS YOUR TRAINING MATERIAL AND TO FIND OUT MORE**

## STEP 1 CLEANSE WITH BLEPHACLEAN®

## STEP 2 HYDRATE AND PROTECT WITH THEALOZ® DUO

### Why recommend Blephaclean®?

- ✓ **Clinically proven<sup>2</sup>** to provide relief from symptoms of Blepharitis, with NO chemical preservatives or soap.
- ✓ **Suitable for babies over 3 months** – gentle for little ones!
- ✓ **20 ready to use sterile wipes** – where Dry Eye drops alone are not enough.

### Why recommend Thealoz® Duo?

- ✓ **Unique formulation** – Trehalose protects, and Sodium Hyaluronate hydrates. Contact lens friendly.
- ✓ **Easy to squeeze bottle** – no waste.
- ✓ **Clinically proven<sup>3</sup>** – one Preservative Free drop lasts for up to 4 hours – longer lasting relief from fewer applications.

# PROskin 3x PROTECTION

**A new approach to skin health**  
from the leading incontinence expert

As skin ages it becomes thinner, more fragile, takes longer to heal. At TENA we know that with incontinence skin is even more at risk. That is why prevention is key. TENA ProSkin range with FeelDry Advanced quickly absorbs liquid away from the surface, keeping the skin dry.

# For a sustainable future

TePe GOOD Mini Flosser™ and TePe GOOD™ Tongue Cleaner in pink join the GOOD family. They are designed in collaboration with dental experts and made from plant based plastic.

**TePe GOOD Mini Flosser™** has a handle made from wood fibres and sugar cane and comes with a unique bite plate for easy flossing. Available in a 36-pack sustainable bag.

**TePe GOOD™ Tongue Cleaner** is designed to remove bacteria on the tongue to improve oral health and help prevent bad breath.

**That's good – for you and the planet!**

## IBUPROFEN CAN BE RECOMMENDED AS A FIRST-LINE OTC MEDICATION, SAY A RANGE OF GUIDELINES<sup>11-17</sup>

- Children's fever<sup>11</sup>
- Migraine<sup>12,13</sup>
- Acute low back pain<sup>14</sup>
- Sore throat<sup>15,16</sup>
- Period pain<sup>17</sup>

### CAN GUIDELINES HELP YOU OPTIMISE PATIENT TREATMENT?

For example, migraine and sore throat guidelines recommend initiating treatment with a 400 mg ibuprofen dose<sup>12,13,16</sup>

## PROVEN GI TOLERABILITY IN ADULTS<sup>7</sup>

In a large-scale study of 8,633 adults, the overall tolerability of ibuprofen was equivalent to paracetamol, with a comparable rate of GI adverse events:<sup>7</sup>

- 4% of 2,869 patients taking **ibuprofen**
- 5.3% of 2,864 patients taking **paracetamol**

**FASTER AND MORE EFFECTIVE HEADACHE RELIEF THAN PARACETAMOL<sup>3\*</sup>**

**PIP Code: 329-0996**

**EFFECTIVE RELIEF FOR UP TO 12 HOURS<sup>†</sup>**

**PIP Code: 308-6121**

\*With a 400 mg dose vs. 1000 mg standard paracetamol dose. †Based on two capsule dose.

## A RANGE APPROPRIATE FROM 3 MONTHS TO 12 YEARS

- Data showed ibuprofen has similar gastrointestinal (GI) tolerability to paracetamol in a study of >84,000 children aged 6 months to 12 years of age<sup>8</sup>
- Latest meta-analysis in >27,000 children aged under 2 years concludes ibuprofen has a similar likelihood of GI bleeding and other adverse events as paracetamol<sup>9</sup>

### SUITABLE FOR BABIES FROM 3 MONTHS

PIP Code: 326-7796

### MORE COST-EFFECTIVE PER DOSE\*

PIP Code: 410-7371

### ON-THE GO RELIEF WITH NO NEED FOR WATER

PIP Code: 410-7405

\*Cost per dose of 10ml NFC 2% suspension £0.35 vs. cost per dose of 5 ml NFC 4% suspension £0.30.

## WHEN SINGLE ACTIVES ARE NOT ENOUGH, RECOMMEND NUROMOL

LONGER LASTING THAN PARACETAMOL, FASTER ACTING THAN IBUPROFEN AND MORE EFFECTIVE THAN PARACETAMOL OR IBUPROFEN ALONE<sup>18†</sup>

PIP Code: 359-2227

In Nuromol, the ibuprofen and paracetamol are mixed using exclusive Sychro-Tech™ technology:

- The interlocked actives are released simultaneously<sup>19</sup> and can, therefore, start to get absorbed at the same time
- Ibuprofen and paracetamol combinations had the highest overall success rate in a 2015 Cochrane review of OTC pain relief<sup>4‡</sup>

<sup>†</sup>Based on a 2-tablet dose of Nuromol compared to standard paracetamol (1000mg) or standard ibuprofen (400mg) alone. <sup>‡</sup>The success rate is defined as the proportion of participants achieving good pain relief with analgesia, minus the proportion of participants achieving good pain relief with placebo. This is expressed as a percentage of the maximum possible success rate (100 minus the response rate with placebo).

# CB12

## Fight the root cause of bad breath

Scientifically  
proven

Fight the root cause  
of bad breath

12 hour effect

**CB12 is scientifically proven to  
fight the root cause of bad breath.**

The effect provides 12 hours of  
pleasant breath.<sup>1-4</sup>

[www.CB12.co.uk](http://www.CB12.co.uk)

**CB12 oral rinse counteracts root cause of bad breath and reduces its recurrence by neutralizing the malodorous sulphur gases in the mouth.  
CB12 oral rinses also contain fluoride for daily strengthening of teeth.<sup>2,3</sup>**
